# Walser's Worry-Free Lease will protect you from the unexpected

This comprehensive coverage extends to almost all the components of your leased vehicle, all with a \$0 deductible. It covers the entire cost of parts and labor, so that if something happens to your lease, you won't need to worry about unexpected repair costs.

Additional benefits, like roadside assistance and rental car coverage are included to help keep you on the road.

## A Worry-Free Lease plan covers nearly every part of your vehicle.

From major engine and transmission parts to windshield wipers and headlamps – we'll repair or replace it. Plus, this coverage extends to certain wearable items. So when your battery goes out or your brake pads need to be replaced, no worries: you're covered.

This protection is so comprehensive that the only things NOT covered are tires, wheels, glass, cabin air filters, engine air filters, accessories not installed by the manufacturer, upholstery, body parts such as trim, molding, body panels, bumpers, etc.

### What's Included in a Worry-Free Lease?

#### Mechanical Coverage

Nearly every component of your vehicle is covered by Walser's Worry-Free Lease, including things most manufacturers' warranties exclude. It basically makes unexpected repair costs a thing of the past, because when we say 'worry-free' we mean it.

#### Wearable Item Replacements

When your lease needs a new battery, fresh brake pads, a wheel alignment or more - your costs are covered, saving you hundreds of dollars. A Worry-Free Lease will include replacements for all of those items and more.

#### Paintless Dent Repair

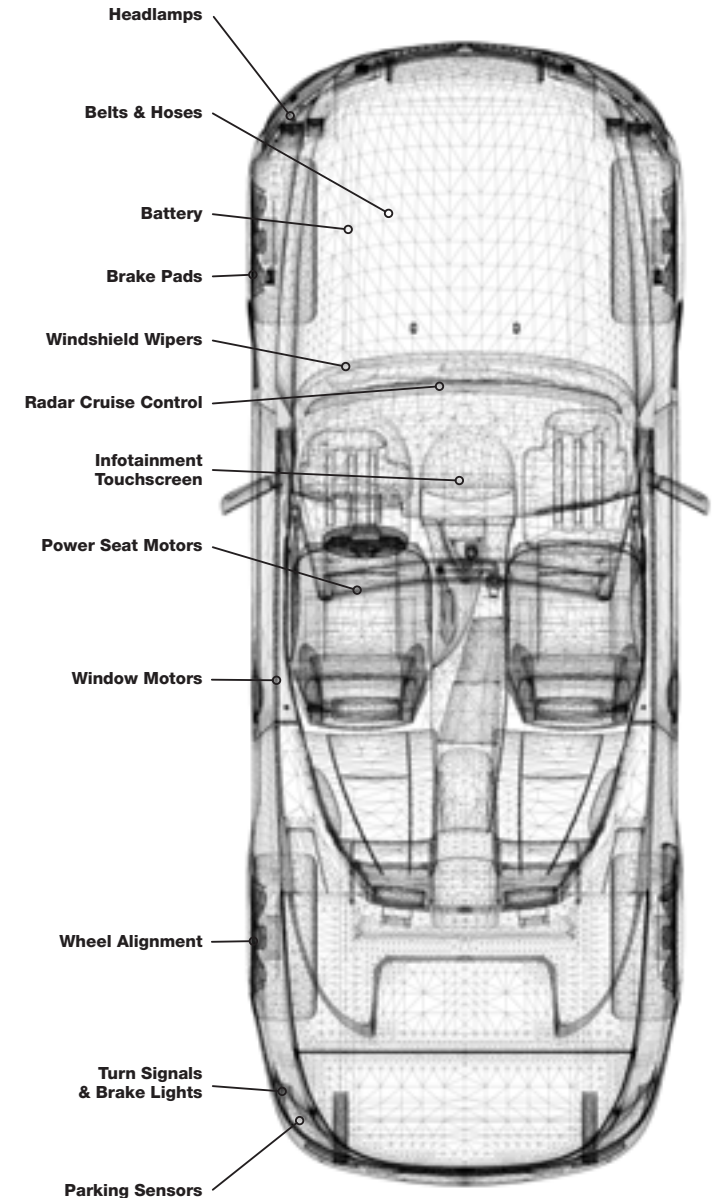

Keep your new car looking showroom ready. The included Paintless Dent Repair (PDR) coverage covers all the small bumps and bruises that can happen to your car. Whether it's a small door ding or just a mystery dent – PDR fixes it all so you won't be left paying for it.

#### No Cost Maintenance

Our Worry-Free Lease includes the standard maintenance to keep you on the road. Every Worry-Free Lease includes complimentary oil changes, and tire rotations. Maintenance is important and now you won't need to worry about it.

### What's Covered? Here are just a few examples
